

Envisage™ HiVis 100 Series

Envisage™ means “to have an image in advance of realization”. In the industrial workplace, it means being visible and safe when their job requires their attention to be diverted away from nearby traffic hazards.

Product Description

Envisage™ is waterproof, breathable, windproof and ANSI 107 compliant. Envisage™ ensures worker comfort by keeping the worker dry during foul weather as well as reducing heat body stress.

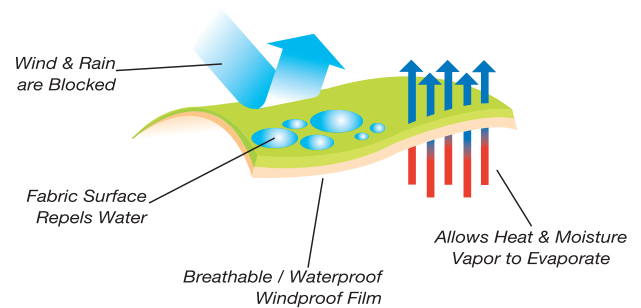

Features & Benefits
